Boarding with True Dog

Basic boarding: Recommended for dogs that are not generally dog social or may not do well with groups of dogs. Basic boarding includes potty and play breaks every few hours. Feeding morning and evening. \$35/night

Boarding + daycare: Recommended for dogs that are generally dog social and need extra activity throughout the day. Includes playtime with daycare during the day with naps when needed. Feeding morning and evening. \$50/night

- Please make sure you provide TD with a copy of current vaccinations, copy of contract and information form.
- Please measure out and baggie each meal to allow easy, quick and correct amount.
- If your dog is on medication and/or supplements, please provide accurate instructions for administering.
- You may provide bed, blankets, toys, bones, treats, etc that you want your dog to have while staying with us. None is necessary as we provide all their comfort needs. True Dog is not responsible if your dog destroys bedding and/or toys, as generally boarding can be stressful and it isn't uncommon for dogs to destroy things during their time away from home. It is also common for them to have intestinal distress during and after boarding.

Any questions or concerns, please reach out anytime! Thank you ~True Dog
